

Trilogy Plastics named as finalist again for *Plastics News'* 2018 Best Places to Work

Trilogy Plastics, Inc. --- a full-service, ISO 9001 certified custom rotational molder and leader in the field of high quality rotationally molded parts and assemblies with processing facilities in Alliance, Ohio --- qualified again as a finalist for Plastics News' 2018 Best Places to Work. This program was created by Plastics News and Best Companies Group.

This survey and awards program was designed to identify, recognize, and honor the best employers in the plastics industry, benefiting the economy, workforce, and businesses in the United States and Canada. The list is made up of 17 companies from around the country and the winner will be announced in March at the Plastics News' Executive Forum in Naples, Florida.

To be considered for participation, companies had to fulfill the following eligibility requirements:

- * Be a for-profit, not-for-profit business or government entity;
- * Be a publicly or privately held business;
- * Have a facility in the United States or Canada;
- * Have a minimum of 15 employees working in the United States or Canada;
- * Must be in business a minimum of one year;
- * Must derive at least 50% of revenue from plastics-related operations; and
- * Must be one of the following:
 - * Plastics Processor
 - * Plastics Recycler
 - * Plastics Compounder
 - * Plastics Mold & Tool Maker
 - * Plastics Distributor/Fabricator
 - * Plastics Industry Supplier – Non Processor (e.g., equipment maker, consultant, etc.)
 - * Plastics Associations

Companies from across the United States and Canada entered the two-part survey process to determine the Plastics News' Best Places to Work. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems, and demographics. The second part consisted of an employee survey to measure the employee experience. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration and survey process, analyzed the data, and determined the final rankings.

Since its founding, 30 years ago, Trilogy Plastics has grown dramatically and today provides manufacturing services that include rotational molding, 5-axis CNC machining and high-pressure foaming --- all backed by engineering and design support and project management. Value-added
